ACCOLADE — THANKS FOR INVITING ME OVER TO PLAY GOLF WITH JACK NICKLAUS. TOO BAD I PLAYED LIKE SUCH A GEEK. I WASN'T TRYING TO HIT HIM WITH THE BALL, HONEST. BUT HE WAS STANDING RIGHT IN THE MIDDLE OF THE FAIRWAY. THE WIND MUST HAVE TAKEN IT! SORRY — DAVE

YO, ACCOLADE — "F-86 SABRE STRIKE" & "STEEL THUNDER" REALLY HELPED TO GIVE A NEW OUTLOOK ON MY WORLD HISTORY CLASS! THANKS — RAMBO

At the beginning of the year we set out to be the best in entertainment software. True, it was a lofty goal, but each and every one of you took it as a personal challenge. And through hard work, imagination and perseverance—that goal has been reached.

As you read through the pages of your yearbook, reflect and appreciate what you've accomplished this year. But also remember that being the best holds a certain responsibility. You must maintain those uncompromising standards and strive to get even better.

Congratulations Accoladians. Your future is filled with promise and hope. And, if I could bestow any words of advice to help you grow, it would be these:

"It's not whether you win or lose, it's how you play the games." —*Allan Epstein, President*

Dear Accolade — I still can't believe you wiped Ben-Gay in Steve's gym shorts before we played "Fast Break!" He sure was "hot" in the first half! (Ha! Ha!) Good luck in B-Ball! Work on that weak jumper!

Your jammin' buddy — Darnell

Yo Accolades — You continue to amaze me! How is it that a bunch of nerds like you guys can come up with such killer games! Keep truckin'

Trixie ♡

Dear Accolade — I'm not sure what I'm going to do without your games — they have kept me sane during my stay in this place. Thanks for all the laughs! Good luck in everything you do.

Voted "Best Simulation" of 1986 by Software Publishers Association! Mean 18 is the golf game that delivers the kind of realism and playability you'd expect from Accolade. This is golf as it should be, with life-like animation patterned after the pros and numerous strategy options.

Play the legendary courses of Pebble Beach and St. Andrews or design your own with the Course Architect. Choose between the pro and regulation tee... even ask the caddy to suggest your clubs!

More of the world's greatest courses for play on your Mean 18! Each volume contains three challenging courses for you to conquer.

Famous Course Disk, Vol. II contains Inverness Club, Ohio; Turnberry, Scotland; and Harbour Town, South Carolina.

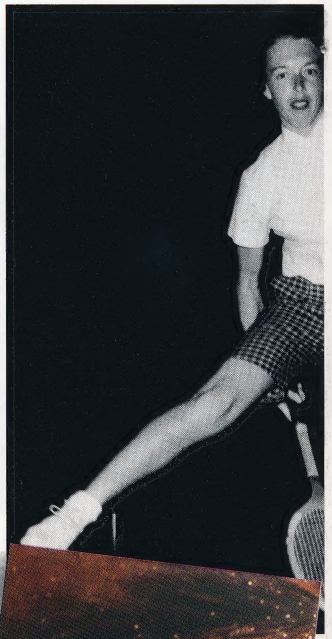
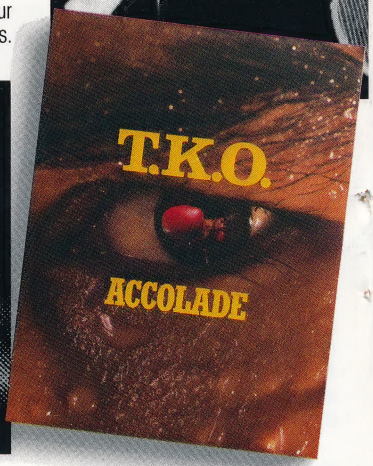
The animated "Strobe-O-Stroke" box allows you to aim your serve and select your shot type (top spin, slice, etc.) How will your opponent return the serve? Forehand or backhand? Lob or smash? Like real tennis, timing is critical.



The most realistic action/strategy computer tennis game! Serve & Volley captures the action and strategy of real tennis in a feature-packed simulation. The 3-D view of the court includes action windows displaying "Strobe-O-Stroke"™ graphics. Choose from a variety of strokes, match or tournament play, three levels of difficulty and three different court surfaces. You can even adjust your playing attributes and save your stats.



Come face-to-face with a heavyweight champion! Enter the ring with T.K.O. and look straight into the eyes of a fighter bent on knocking your block off. T.K.O. gives you the feel of real boxing as you go glove-to-glove against a variety of computer opponents or another player. You can actually see the wear and tear of the fight on each boxer: black eyes, fat lips, swollen cheeks…even bruised egos!

Each player has his own individual talents and strengths. And Fast Break comes with a playbook of 15 offensive and five defensive pro-style plays. You can even design your own offensive plays with the exclusive "Playmaker"™ feature.

There's nowhere to run—nowhere to hide. You're toe-to-toe with a prize fighter who's jabbing at your jaw. Dance around the canvas, then attack with a flurry of punches. Throw a right—it lands! A welt shines under his eye. You've got him on the ropes!
